

Electricity

New Schedule Became Effective the First of June

A large section of the Western Division of the Central Maine Power Company will benefit from the new rate schedule filed with the State Public Utilities Commission. This revision results in an average reduction of about 12 per cent to power consumers in the western division, and light users in the western division also means a saving of approximately \$22,000 annually.

The new schedule is in line with the Company's policy to standardize rates over its entire territory. This was accomplished by revisions recently made in its Upper Northern, Eastern and Southern Divisions.

The communities to benefit from this latest revision include towns in the former Western Division. Power Company, recently purchased by the Central Maine Power Company and which now are in a position to enjoy the economies that accrue to a larger and interconnected power system. Bethel, Bridgton, Casco, Denmark, Fryeburg, Greenwood, Harrison, Limerick, Hiram, Limerick, Limington, Lovell, Mechanic, Norway, Oxford, Oxford, Paris, Poland, Raymond, Sebago, Standish and Woodstock.

Result of Several Years' Study

For several years the Company has been in its territory with a view toward having a standard rate for all communities and making rate reductions as rapidly as possible. The new schedule is in line with the present Central Maine Power Company system is made up of some 700 small companies all having different rate schedules, each based upon cost of delivery in the territory where the service on the money invested to give service.

Uses Electric Energy Increase

In recent years a greater increase in the use of electricity has been noted than in any other form of energy. This condition has influenced as much as anything a change in residential electric service rates. With the gaining popularity of labor saving electric appliances such as the vacuum cleaner, toaster, washer, iron, refrigerator, range, etc., the use of electricity in the home has increased materially.

These conditions have increased the use of electricity to a point where a "sliding scale" rate is now being extensively used for the residential customer. That is a rate structure which automatically fixes the rate according to the amount of electricity consumed. The more electricity a customer uses the

If for instance you own a six room

your and your service bill has run around \$3.00 to \$4.00 a month under the previous rate, you stand to save around \$10.00 a month under the new rate. For example, a six room house at an average home electricity at 30 kilowatt hours a month, here is how you will save under the new arrangement:

	OLD RATE	
You get 30 Kwh. at 10¢	\$3.00	
Your bill is	\$3.00	
	NEW RATE	
You get 24 Kwh. at 10¢	\$2.40	
You get 6 Kwh. at 7¢	.42	
Your new bill is	\$2.82	

Suppose the consumption is larger and on use 100 kilowatt hours a month, here's how you will fare when your bill comes:

	OLD RATE	
You get 30 Kwh. at 10¢	\$3.00	
You get 30 Kwh. at 8¢	2.40	
You get 40 Kwh. at 7¢	2.80	
Your new bill is	\$8.20	

Your bill is

NEW RATE				
on get	24 Kwh	at 10c.	\$2.40
on get	24 Kwh	at 7c.	1.68
on get	52 Kwh	at 7c.	3.64
Your new bill is				\$6.16
Saving \$2.44.				
Based Upon Number of Rooms				
The new schedule as it applies to residences is based upon the number of principal rooms in a home, affording the small installation equal advantages with the larger installation and giving each				

class of customer the same opportunity to pay a lower rate than billerzett hour. The

room form of rate has proved to be especially popular among residential customers. Many New England cities and towns have adopted the room rate as it offers an opportunity to pass better off the electric rate adjustment to those who are consuming it in a lower cost per kilowatt hour as the quantity consumed increases. Under the new "room rate" system, a customer is charged a flat fee for the room, regardless of the size, floorboard or apartment dweller.

In order that customers may know the basis upon which the size of their homes will be judged, and that the classification appears "active" rooms and rooms not counted. The room count will be based on all rooms used for living purposes. This includes the room count, porches, enclosed attics, basements, cellars, closets, garages, hallways, laundries, pantries, porches (not enclosed), sheds, etc., will not be counted. The minimum count is one room and the maximum eight rooms.

The present method of standardization rates will give greater reductions in some communities than in others but

uniform.

SUMNER—SUMNER HILL

The Saturday night dances began at a orange hall at West Sumner, May 19. Leavitt Garron of Lewiston is working for S. G. Barrett & Son.

Guy Bowker is peeling pulp wood for L. Bisbee and Arthur Burke is peeling for E. E. Newell.

Mrs. Alice Turner spent the week end with her brother, A. F. Davenport, and mily.

Perley Robinson has opened a garage East Sumner in the T. E. Gesmer shop. Mr. and Mrs. Lovell Chandler are re-

iving congratulations on the birth of
daughter. May 27th

The community was saddened Saturday, the 26th, by the very sudden death of Fred R. Barrett. He was well as usual, but was taken suddenly ill, Saturday morning.

Mr. and Mrs. E. S. Barrett and daughter were in Green, Sunday.

Misses Anna and Emma Charles are at me with their parents, Mr. and Mrs. P. Charles.

Mrs. Sampson and son of Portland are

with her sister, Mrs. Zadee Barrett, at present.

The Andover Friday Club was pleasantly entertained by Miss Mary Talbot at her home, Friday afternoon, twelve members being present. Mrs. Oliver Alkins was leader.

An interesting report of the Andover County Literary League at Bethel was given by the Miss Bertha Cushman. A paper, "Noted Canadians" was read by Mrs. Miriam Rand. Mrs. Lucie Swain, Mrs. Alice, Thurston and Miss Cushman were chosen committee program for the next year. During the social the delicious refreshments were served by the hostesses. The next meeting will be with the President, Mrs. Lucie Swain, Friday, June 8. This is the last meeting for the election of officers and every member is requested to be present.

Reduction in Rates For Electricity

New Schedule Became Effective First of June

A large section of the Western Division of the Central Maine Power Company took effect last week to become effective June 1st. This revision results in an average reduction of about 12 per cent to power and light users in the western section, and a saving of approximately \$23,000 annually.

The new schedule is in line with the company's policy to standardize rates over its entire territory and follows similar revisions recently made in its Upper, Middle, Eastern and Southern Divisions. The communities to benefit from this latest revision include towns in the former Western Maine Power Company, now owned and operated by the Central Maine Power Company and which now are in a position to enjoy the economies that accrue to a larger and interconnected power system. The complete list includes: Bethel, Bridgton, Casco, Denmark, Fryeburg, Greenwood, Harrison, Hiram, Limerick, Limington, Lowell, Mechanic Falls, Minot, Naples, North Bethel, North Norway, Otisfield, Oxford, Paris, Poland, Raymond, Sebago, Standish and Woodstock.

Result of several years' study the company has been making a study and survey of rates within its territory with a view toward having a standard rate for all communities and making rate reductions as rapidly as possible. This has been a long task in that the present Central Maine Power Company system is made up of some 150 small companies all having different rate schedules, each based upon cost of delivery in its locality plus a fair return on the money invested to give service.

Uses Electric Energy Increase In recent years a greater increase in the use of electricity has come from the large and this condition has influenced as much as anything a change in residential electric service rates. With the growing popularity of labor saving electric appliances in the home, such as the electric cleaner, toaster, washer, iron, refrigerator, range, etc., the use of electric energy in the home has increased materially.

The conditions have increased the use of electricity to a point where a "sliding scale" rate is now being extensively used by the residential customer. This is a rate structure which automatically fixes a lower rate per kilowatt hour as increasing amounts of electricity are used. The more electric energy a customer uses the lower the rate he gets.

For instance you own a six room house and your service bill has run around \$20 to \$40 a month under the present rate. You stand to save annually \$6 a month under the new rate. Taking a six room house as an average home and estimating the average use of electricity at 10 kilowatt hours a month, here is how you will fare when your bill comes:

OLD RATE
For 10 Kwh at \$3.00.....\$3.00
For 15 Kwh at \$2.00.....\$3.00
NEW RATE
For 10 Kwh at \$2.40.....\$2.40
For 15 Kwh at \$1.60.....\$2.40
For 20 Kwh at \$1.20.....\$2.40
For 25 Kwh at \$0.80.....\$2.00
For 30 Kwh at \$0.60.....\$1.80
For 35 Kwh at \$0.40.....\$1.40
For 40 Kwh at \$0.30.....\$1.20

Based Upon Number of Rooms The new schedule as it applies to residences is based upon the number of principal rooms in a home, affording the same installation equal advantages and giving each class of customer the same opportunity to save a lower rate per kilowatt hour. The new form of rate has proved to be especially popular among residential customers. Many New England cities and towns have adopted the room rate as it affords opportunity to put to better use the electric service equipment in a home resulting in a lower cost per kilowatt hour as the quantity consumed increases. Under the new "room rate" system, a considerable burden is lifted from the shoulders of the small householder or apartment dweller.

That customers may know the basis upon which the size of their homes are to be judged, the company has prepared a form of classification in which houses are divided into three classes: Class "A" houses are one and one-half stories and have no more than four bedrooms, two bathrooms, one cellar, one garage, hallways, landings, pantries, porches (not enclosed), sheds, etc., will not be counted. The minimum count is three rooms and the maximum eight rooms.

The present method of standardization of rates will give greater reductions in rates than in others but in case in force, the new schedule will be uniform.

SUMNER-SUMNER HILL
The Saturday night dances began at the large hall at West Sumner, May 19. Lyle H. Sumner of Lewiston is working for S. G. Barrett & Son. Guy Bowker is peeling pulp wood for H. L. Barrett and Arthur Burke is peeling for E. E. Newell. Mrs. Alice Turner spent the week end with her brother, A. F. Davenport, and family. Percy Robinson has opened a garage at East Sumner in the T. E. Gesner shop. Mr. and Mrs. Lovell Chandler are receiving congratulations on the birth of a daughter, May 27th. The community was saddened Saturday, May 26th, by the very sudden death of Fred R. Barrett. He was well as usual, Friday, but was taken suddenly ill, Saturday morning. Mr. and Mrs. E. S. Barrett and daughter, Mary, were in Green, Sunday. Miss Amy and Emma Charles are at home with their parents, Mr. and Mrs. P. L. Charles. Mrs. Simpson and son of Portland, are with her sister, Mrs. Zedee Barrett, at present. Alice Fales and Merlyn Morrill have exchanged places. They moved Saturday.

ANDOVER
The Andover Friday Club was pleasantly entertained by Mrs. M. T. Tubbs at her home, Friday afternoon, twelve members being present. Mrs. Olive Akers was leader. An interesting report of the Oxford County Livestock Fair at Bethel was given by Miss Barbara Cushman. A paper, "Noted Canadians" was read by Mrs. Miriam Rand. Mrs. Lucie Rand, Mrs. Alice Thurston and Miss Barbara Cushman were chosen committee for the next year. During the social hour delicious refreshments were served by the hostess. The next meeting will be with the President, Mrs. Louise Swain, Friday, June 8. This is the annual meeting for the election of officers and every member is requested to be present.

Electric Power Question

Harold C. Perham of West Paris, who is running for the legislature as the Republican candidate from the Paris-Oxford District, writes the following letter to H. A. Merrill of Portland:

"Dear Sir: I received your letter on the matter of 'Export of Water Power' and I will state my stand on that question of the day as concisely as possible. 'It is my opinion that Maine has a large surplus of Water Power running to waste yearly. I believe that we have power' that is far in excess of any industrial demand Maine can ever reasonably expect to make on it. With these two things in mind, I am firmly convinced that we should allow the export of water power from Maine for the export of water power.

"I also feel that our non-export policy during the past years has had its advantages. As it has conserved a great natural resource of Maine with the proper time when the people of the state as a whole can realize its tremendous value and share in its benefits. 'That infant of but a short time ago'—electricity—has grown into a giant of power in the industrial development of this nation. Yet, big as he now is, he is but a boy, in personal terms, along with many other, feel that the hour has come when we must take the boy by the hand and lead him into the future. However, they plan to keep the boy clean and healthy by buying up 'new swimming pools'.

"The point is this: we have the swimming pools and the majority of Maine folks welcome the boy. If we are going to 'raise him up' on A-1 Maine products, we certainly should reserve the right to bring him up as a citizen of Maine—loyalty to Maine first, and outside interest second. 'I believe that there is great future progress ahead for Maine when we open surplus power to export and allow our surplus power to cross the border to a good market. It will usher in a new period of development in Water Power projects. We will have a huge surplus of power. We should be able to attract more outside business to Maine. 'As I see it, the majority of Maine's progressive men and women would like to see our water power developed and all surplus power utilized by other states. 'The 'bone of contention' will be a simple one. Maine will demand a square deal on Maine water power rates. She will demand that Maine shall have first rights to Maine Power and honest rates on the same. 'If a bill including the export of Power and giving Maine a guaranteed square deal goes before the state legislature next winter, I firmly believe it will pass with a record vote. 'If, however, Maine cannot be guaranteed a square deal, I expect a record vote to keep our present non-export policy in effect. The slogan will simmer down to 'a square deal or nothing doing.' Sincerely yours, Harold C. Perham."

SOUTH ALBANY

Stock Being Pastured—George Crooker Bought Farm—Henleys Took Trip to New Hampshire—Saunders Planning Trip to New Jersey—Three Legged Chicken Hatched.

David McAllister recently sold a cow to Fred Hersey of North Waterford and one to Henry Duggin of Dixfield. Fred Staples of Oxford was here last week, Monday, and bought two cows and two calves of Ernest Brown.

John McAllister has turned some horses out to pasture in his pasture here. Arthur Millett and son, Howard, of Waterford, took a pair of steers to Walter Cushman's Valley Farm pasture for the summer, one day this week.

Mr. and Mrs. Lucien McAllister of West Bethel visited his brothers, Ingalls and David McAllister, Sunday.

Mr. and Mrs. Walter Crooker and two children, Harold and Beatrice, visited his sister, Mrs. Will Yeaton, at Welchville, Sunday.

George Crooker has bought the Milliken farm on the Harrison road from Norway Lake and will move there as soon as Mr. Milliken can move his cows. Mr. Crooker and Allen visited Mrs. Crooker's cousin, Holden Savin, and family, at Waterford, Saturday night and Sunday.

Ingalls McAllister has been sick for some days. Mr. and Mrs. E. C. Henley and children took a trip to New Hampshire, last week and were gone several days. Chester Holt carried the mail while they were gone.

Mr. and Mrs. Carl Heath of Waterford were here last week, looking for a cow to buy. Mr. Ernest Grover and son, Robert, visited Mr. Grover's mother, Mrs. Ezra LeBrooks, last week, Tuesday. Mrs. Merritt Savin called there the same day. Merritt Savin and George Crooker and son, Allen, were at Fred Wentworth's in Waterford, Friday. They called on Mrs. Savin's daughter, Mrs. Arthur Millett, and family. All the sick ones in the family are on the gain.

Mr. and Mrs. Charles Saunders of Bridgton were recent callers at Hermon Holt's. They are planning a trip to New Jersey in the near future. They will bring their daughter, Elizabeth, who is a teacher there, home with them. We hear they are to move back to their farm at North Waterford for the summer and shall be very glad to have them in their old home again.

Good weather for the dandelions to grow, but rather damp digging them. A hen belonging to Merritt Savin, recently hatched a chicken with three legs. The extra one was on the end of the backbone, where the tail should have been and was a perfect, well developed leg and foot. It was of the R. I. Red breed, but lived only a short time.

SOUTH OTISFIELD

Walter Jordan returned to Yarmouth, Monday. He spent the week end with his family in South Otisfield. Esther Severy was at home from North Bridgton over the week end with her parents, Mr. and Mrs. Conney Severy. Ernest Pecco called, Sunday afternoon, on Howard Ames. George Welch is very poorly. Ernest Greenleaf is working at Pleasant Lake Camp, carpentering. Harry Seaver and two children called, Sunday afternoon, on Howard Ames. Orin Brooks is poorly. Mrs. Alfreda Ryan from Sabbath Day Lake has been visiting her friend, Mrs. Lillian Severy. Albert Hamlin is at home at his father's, Dana Hamlin's. Mrs. Carrie Brooks has been helping Mrs. Jennie Seberry, cleaning her house. "Aunt" Hattie Jordan is very poorly. Mrs. Carl Fickett's sister from Westbrook is visiting her.

NORTH BUCKFIELD

Mrs. Washington Heald was in Lewiston a few days last week. Mrs. James Warren and daughter visited her mother, Mrs. Dora Farnum, of Rumford, recently. Dorothy Holmes and Dannie Dyer have been sick with the measles. Mr. and Mrs. McFadden and family of Auburn visited at Wesley Scott's, Sunday, May 20th. Everett Pearson and family and Naomi Deoster called at F. E. Warren's, last Sunday. F. E. Warren went to Lewiston last Monday with a load of junk.

NORWAY—NOBLE'S CORNER

Miss Maud Bennett, who has been working at the shoe shop, Norway, for several weeks, is at home at present while there is not much work.

Wilbur Downing and family have moved to Norway Center, into the house recently vacated by A. L. Wyman and family.

Bella Holt of the Chapel District was in the vicinity, recently, selling goods for the Carnation Company. Mr. and Mrs. Perley Russell of the village, called on friends in this vicinity, Sunday afternoon. Mr. and Mrs. Dwalin Tysor of Mechanic Falls were Sunday visitors at A. L. Wyman's.

Verne Rich of Norway has been whitening some ceilings for Mrs. I. P. Symonds. Mrs. Charlie Herriek, who spent last week with Mrs. Cora Seavey of the village, has returned home.

WEST BUCKFIELD

A party of relatives and friends hung a wonderful Maybasket for Mrs. Harry Buck, Tuesday night, full of fruit and candy, also presented her with a birthday cake, it being the 61st anniversary of her birth. Cards were enjoyed by some and a social time spent by all. Cake, candy and ice cream served.

Mrs. Leon Harlow of Alliston, Mass., is with her parents, Mr. and Mrs. Harry Buck, for a few weeks. Mr. Harlow will join her in June for two weeks. Mrs. McKenney has returned from Portland.

The Bennett and Cooper children are recovering from the measles. R. L. Martin is doing some painting, papering and whitewashing for H. Alton Bason. Lester Cole has purchased a new Chevrolet truck. Roy and Louis Martin have taken a pulp job of D. R. Cole. William Morgan and Homer Farnum are building a cottage for Leslie Whitman of Norway.

Carrie Cole visited at Robert Cole's at Locke's Mills, a few days last week. Mrs. E. T. Roberts and Reginald Gordon and David of Locke's Mills, Willard Cole of Hove Hill and Mr. and Mrs. Roy Millett of Greenwood visited at R. L. Martin's, Sunday. Stanton Cole of South Bethel called on his brother, E. K. Cole, Sunday. Carrie Cole visited with her cousin, Mrs. E. T. Roberts, at Locke's Mills, Saturday night.

GREENWOOD CENTER

R. L. Martin is doing some painting, papering and whitewashing for H. Alton Bason. Lester Cole has purchased a new Chevrolet truck. Roy and Louis Martin have taken a pulp job of D. R. Cole. William Morgan and Homer Farnum are building a cottage for Leslie Whitman of Norway.

Carrie Cole visited at Robert Cole's at Locke's Mills, a few days last week. Mrs. E. T. Roberts and Reginald Gordon and David of Locke's Mills, Willard Cole of Hove Hill and Mr. and Mrs. Roy Millett of Greenwood visited at R. L. Martin's, Sunday. Stanton Cole of South Bethel called on his brother, E. K. Cole, Sunday. Carrie Cole visited with her cousin, Mrs. E. T. Roberts, at Locke's Mills, Saturday night.

BABBIT METAL

For sale at the Advertiser Office. Made from type metal. Price 15c per pound.

RECIPES

(By Betty Barclay)

LUNCHEON SALADS
 These Salads: Mix seasoned cottage cheese with salad dressing and shape in ice cube trays. Freeze in ground peas. Chop parsley or chopped green and red pepper. Serve on crisp lettuce leaves.

Fruit and Orange: Peel oranges and cut into one-fourth inch slices. Arrange in layers covered, salad plates, jelly, and orange slices. Garnish with orange slices and whole oranges.

WAFFLES

1 cup milk
 1 egg
 1/2 cup sugar
 1/2 cup flour
 1/2 cup baking powder
 1/2 cup oil
 1/2 cup butter
 1/2 cup salt
 1/2 cup sugar
 1/2 cup flour
 1/2 cup baking powder
 1/2 cup oil
 1/2 cup butter
 1/2 cup salt

CROUTONS FOR SOUP
 Cut slices of stale bread thinly spread with butter in one-third inch strips, remove crusts. Cut each strip in one-third inch cubes. Put in pan and bake until browned.

Boosting Maine

All Counties In State Represented In Raising Funds to Advertise the State of Maine

With every county in the state now represented by some contributing community, the total to date in the Cities and Towns campaign to increase the state's advertising fund has reached \$10,223, according to an announcement made today by Vico O. Isola, Executive Secretary of the Maine Development Commission.

Almost coincident with this announcement, Mr. Isola is broadcasting a request that each contributing community supply the Commission with a sketch descriptive of its attractions and its location with reference to automobile routes. The Commission planned originally to publish a service pamphlet listing the communities which contributed to the 1928 advertising fund. It is now intended to publish further, however, and issue a booklet containing a brief description of each city, town and plantation on the advertising honor list. In the communication now being sent out, it is requested that sketches of not more than 250 words each be in the hands of the Commission by May 15.

Androscoggin county, under Hiram W. Ricker, St. maintains its place at the head of the state list with a total of \$1,810. Franklin County holds its position as second highest contributor with \$1,080, and Hancock is third with \$1,035. Cumberland has ousted Penobscot for fourth place with a total of \$1,000.

Others in order of standing are: Aroostook, \$890; Oxford, \$845; Somerset, \$715; Knox, \$705; Aroostook, \$635; Kennebec, \$530; Sagadahoc, \$400; Washington, \$385; Piscataquis, \$250; York and Lincoln, \$275 each, and Waldo, \$50. Auburn, Bangor and Bar Harbor hold first place among the cities with contributions of \$500 each. Bangor, Camden, Poland, Rangeley and Rockland are in second place with \$300. Rumford and Skowhegan are third with \$250, and Ellsworth, Farmington, Freeport, Norway, P. & G. White Naptha Soap, 10 bars, 30c. Olives, Finest, fancy stuffed, 12 oz. bot. 35c. R. & R. Chicken, No. 1-2 can, 40c. Assorted Cookies, 20c. lb. Del Monte Pineapple, sliced, lg. can, 27c. Evaporated Apples, 31c. lb. Mayonnaise, Finest, Small jar 8c; 8 oz. jar 19c; pt. jar 37c. Prize Bread, 10c. C. H. DAVIS, Mgr.

EGGS A LA GOLDENROD
 Hard-cooked eggs are made as follows: Put eggs into boiling water and keep hot (but not boiling) 20 minutes. Eggs cooked in this way are better when boiled. Allow one egg per person for a generous serving. Remove shells and cut into halves lengthwise; cut each half into four lengthwise strips. Over a piece of well-buttered hot toast pour a hot medium cream sauce—1 cup milk to 2 tablespoons flour and 2 tablespoons butter. Arrange strips of egg white in circle (like petals). Force the egg yoke through a fine sieve and place in mound in center. Peas may be added. Garnish with parsley.

YOU SHOULD BECOME ACQUAINTED WITH OZARKA SERVICE
 We are always glad to help you with any problems pertaining to radio. Every Ozarka representative is trained by Ozarka engineers to thoroughly know their instruments. I am also a graduate of the National Radio Institute of Washington, D. C.

With every Ozarka instrument we are giving six months free service, and for a small fee after that, to assure our customers of the best possible results at all times.

With the Presidential Campaign and the World Championship fight just ahead, you should have your radio in perfect shape. We have the Ozarka A-B-C packs to make your set operated directly from the light socket. We have also Cunningham Tubes, Eveready heavy duty batteries, and National storage batteries at standard prices. All accessories installed and set inspected at same time free of charge.

Selectivity, distance and ease of tuning are essential in radio, but tone is the most important factor. Be assured of all of these by having an Ozarka installed in your home.

THE MAINE LEGISLATURE

Some years ago passed laws regulating the investments of Mutual Savings Banks, just to give adequate protection to thrifty Maine folk who want a savings investment.

These Mutual Savings Banks are the only type of bank in Maine thus regulated.
